Neurology and Psychiatry

Section VIII of Excerpta Medica

The Neurology Section includes abstracts of all articles on neurological surveys in addition to general clinical neurology and experimental neurophysiology.

The section on Psychiatry covers the topics usually contained within the meaning of the word. In addition the following special branches are dealt with fully: psychoanalysis, individual and analytical psychology; sexology, criminology, alcoholism and drug addiction as related to psychiatry; psychosomatic medicine; social and industrial psychology and psychiatry, vocational guidance and mental testing; psychometrics; personality testing and the Rorschach test; heredity and statistical studies as they apply to psychiatry. The subjects of mental defect and epilepsy are fully reported.

Annual volume of 1000 pp., including an index classified by author and subject

Subscription price \$22.50 per annual volume

ABSTRACTS OF HUMAN BIOLOGY

A sectional edition of *Biological Abstracts* designed particularly for psychologists and related fields

Section H—Abstracts of Human Biology—includes Human Heredity; Population; Anatomy and Embryology; Child Development; Adolescence; Growth; Nutritional Disorders; Food Habits and Appetites, Malnutrition; Senescence; Endocrine Bases of Personality and Behavior; Reproduction and Sex; Human Ecology; Race; Health Factors Affecting Population and Human Adaptation; and kindred topics.

Section H does not compete with, or duplicate, any existing abstract services. Rather, it supplements these services by abstracting, from the biological point of view, the biological literature paralleling and directly applicable to that published in the psychological, neurological, sociological and anthropological journals.

Established in January, 1946, to meet the requirements in Psychology and related fields, Section H is priced at only \$7.50 (Foreign \$8.00). Write for full details and sample copy.

LIST OF JOURNALS REGULARLY SEARCHED

So that users of PSYCHOLOGICAL ABSTRACTS may know the extent of our coverage, we publish below the seventh annual list of journals which are regularly searched. This list, revised by the deletion of journals which it is no longer possible to cover regularly and by the addition of other journals, totals 465. The searching categories are indicated by type face: **bold face**, journals received by the editorial office; roman, journals searched by the abstracter. The list is correct as of 1 October 1953. In those cases where no abstracter is indicated, the journal is temporarily unassigned.

MEMBERSHIP RULES IN THE AMERICAN PSYCHOLOGICAL ASSOCIATION

There are three classes of membership in the American Psychological Association: Associate, Fellow, and Life Member.

Associates

The largest class of membership is *Associate*. In order to qualify as an Associate an applicant must meet one of three sets of requirements:

1. He must have a doctor's degree based in part upon a psychological dissertation and conferred by a graduate school of recognized standing; *or*
2. He must have completed two years of graduate work in psychology at a recognized graduate school and be devoting full time to work or graduate study that is primarily psychological in character; *or*
3. He must have completed one year of graduate study plus one year of professional work in psychology and be devoting full time to work or graduate study that is primarily psychological in character.

Distinguished persons in related sciences, education, or other fields outside of psychology sometimes apply for membership in the Association because of their interest in allied research problems. When the Council of Representatives considers it in the interests of the Association to elect such distinguished persons, the requirements stated above may be waived.

Annual dues for Associates are \$17.50, except that for his first five years of membership, a member pays \$12.50 a year.

Applicants must have their applications complete by August 1. New Associates are elected in the fall and their membership is dated as of the next year. Journals due Associates begin with the January issues; they receive the *American Psychologist*, the *Psychological Abstracts*, the *Psychological Bulletin*, and the *Directory*.

Fellows

Properly qualified Associate members may, upon nomination by one of the Divisions and election by the Council of Representatives, become *Fellows* of the American Psychological Association. Fellows must previously have been Associates. They must have a doctor's degree and at least five years of acceptable professional experience beyond that degree. They must be primarily engaged in the advancement of psychology as a science and a profession.

Annual dues for Fellows are \$17.50, except that for his first five years of membership, a member pays \$12.50 a year. Fellows receive the same journals as Associates.

In the American Psychological Association, no one is made a Fellow except at his own request.

Life Members

Life Membership is open to members who have reached the age of 65 and who have been members for twenty years. They are exempt from dues, and receive the *American Psychologist* and the *Directory*.

“SCIENTIA”

INTERNATIONAL REVIEW OF SCIENTIFIC SYNTHESIS

(A REVIEW COVERING ALL SCIENCES)

(1953—47th year)

Chief-Editor: P. BONETTI

Scientific Committee: G. ABETTI - R. ALMAGIÀ - G. COLONNETTI - A. GHIGI - F. GIORDANI - G. GOLA - M. GORTANI - G. LEVI DELLA VIDA - G. MONTALENTI - A. NICEFORO - E. PERSICO - M. PONZO - P. RONDONI - F. SEVERI

“SCIENTIA” is the only review of its type which • has a world wide circulation • deals with the most recent and fundamental problems of all branches of science • can boast among its contributors of the most illustrious men of science in the whole world • publishes the articles in the native language of their Authors (English, French, Italian, German, Spanish). Each issue includes a **Supplement** containing the complete French translation of the articles which in the text are published in language other than French.

“SCIENTIA” has therefore a very strong appeal to the scientific-minded reader all over the world.

Full details and a free back copy will be sent by applying to

“SCIENTIA” - ASSO (Como, Italy)

sending \$0.25, or equivalent amount in other currency, preferably in air-mail postage stamps of your country, merely to cover packing and postage. For a number of the current year, please send U. S. \$1.15, or equivalent amount in other currency, which will be deducted from the subscription price.

ANNUAL SUBSCRIPTION: 12 U. S. DOLLARS IN EVERY COUNTRY

IMPORTANT ANNOUNCEMENT

In 1954, *Psychological Abstracts* will be published every other month, beginning in February.

Hence, you will receive no January issue.

Each issue will be about twice as large, however, and will, in its new format, make it possible to print more abstracts per year than has been possible in the past.

Increased printing costs have also made certain other minor changes in format advisable.

We trust that its subscribers will find *Psychological Abstracts* of even greater value in its new bimonthly form.
